

PINK RIBBON

Fundraiser

Join the Willard South community as we support one of our South families who are in the beginning stages in the fight against breast cancer.

Throughout October, we will be collecting monetary donations from staff, student families, and our community.

Donations will be collected daily by students' classroom teachers.

Watch our donations grow as we chart daily success on a pink ribbon in our front hallway.

All funds will benefit our South family.

Staff members, students, volunteers, and visitors in our building are asked to wear **PINK** each **Friday** in October to show their love and support.

Thank you for your support and for being a part of our family!
